

2018 Webinar Training Schedule

Are travel costs preventing you from completing your HazMat Employee & RCRA Training?

...I can help.

My Webinars are designed to provide training for both **HazMat Employees** and **Hazardous Waste Personnel** quickly (3 hours), easily, and inexpensively (\$189/person).

All webinars begin at 9:00am Central Time unless indicated otherwise

Hazardous Waste (US EPA)	June 18, 2018	Hazardous Waste (US EPA)	December 10, 2018

If you don't see a date that works for you, contact me to discuss other options.

- **Site Specific Webinar:** I will deliver **site-specific training** that focuses just on what your employees need to know. Great if you have multiple locations. All for one flat fee.
- **Scheduled Webinar:** General content, but delivered at a time and date of your choosing. A great way to comply with the regulations quickly, conveniently, and at a great price.

Or any combination of the above.

I'll work with you to provide the training you need.
